July 14, 2007

Dear Michigan LICA member,

The GPS field day planning is moving along nicely. Hopefully you have received your packet with the newsletters and flyers in it. If not, or if you need more flyers, let Mike know and we can get them to you.

After talking to a few of you, we realized the hotel information was not in the newsletter. We had originally planned on putting it on the flyer, but ran out of room. So, if you are planning on staying overnight, listed below are some nearby accommodations.

- B) **Super 8 Motel** - www.super8.com

Best Western Midway Hotel Phone: 517-627-8471

As mentioned in the newsletter, we will need a lot of help to make this event a success. Please give Mike a call at (989) 587-3528 and let him know if you will be attending and how many people you plan to bring. We realize that not everyone will be able to attend both days, so if you are planning to come only one day, let us know which day so we can make a schedule at the next planning meeting on Monday, July 23rd. Some members are bringing their crews, which would be great, since we will be needing experienced workers to make connections, help install pipe and operate some of the equipment. This will be a great opportunity for them to try out some different brands of equipment and get involved with LICA if they aren't already.

We look forward to seeing you at the field day!
